YOUR FREEDOM TO CHOOSE

Flexible options that allow you to shape what matters most to you

No two people build their lives in the same way. We recognise that what matters to you might look different to someone else. That's why we offer a range of voluntary benefits that give you the flexibility to shape your package around your life, your priorities and your goals.

With competitive rates, salary sacrifice options and flexible choices, you can build on your core benefits in a way that works for you, whether that's planning ahead, supporting your family or investing in the things you enjoy.

BUILDING YOUR FUTURE

OWNER -SHIP, REWARDS AND LONG TERM SECURITY

Giving you the confidence and security to focus on what matters most

These benefits are designed to give you stability, reassurance and long-term peace of mind, helping you to protect yourself and the people who matter most. Together, they create a strong safety net that supports you through life's planned moments and its unexpected challenges.

PENSION

Helping you save for your future

Our Pension Scheme is a simple, tax-efficient way to invest in your future. All employees can join, and the standard monthly contribution is 3% from you and 7% from Aventum.

We operate a salary sacrifice arrangement, which means you don't pay National Insurance and tax on your monthly contribution. As an extra benefit, Aventum then adds the Employer NI savings directly into your pension, providing an additional 15% on the amount you already contribute.

By joining the Pension Scheme, you're investing in your future while benefiting from employer contributions and tax-efficient savings.

ANNUAL BONUS

Rewarding your contribution

We believe in sharing our success and recognising the people who drive it. All employees are eligible to take part in our discretionary bonus scheme, which runs from 1 July to 30 June each year. Bonuses are awarded based on your individual performance, your division's results and the overall performance of the group.

INCOME PROTECTION

Long-term financial support if you're unable to work

Our Income Protection benefit provides ongoing financial support if you're ever unable to work due to long-term illness or injury. It's designed to give you peace of mind and stability during challenging times.

Subject to insurer approval of the claim, this benefit provides up to 75% of salary after 26 weeks of continuous absence, payable for up to 5 years.

LIFE ASSURANCE

Financial protection for your loved ones

Our Life Assurance benefit provides peace of mind by offering financial support to your loved ones if you were to pass away while employed with us. You are covered for six times your annual salary from your first day of employment with us.

You also have the option to purchase additional life assurance cover, either for yourself or for your significant other, at your own cost. This allows you to increase your level of protection in a way that suits your personal circumstances and priorities.

COMPANY SHARE OPTION SCHEME (CSOP)

Sharing in the success we build together

Our Company Share Option Plan (CSOP) gives all employees a real stake in what we're building, awarding Aventum share options at a discounted price, aligning everyone with the long-term success of the group.

Aventum's exceptional growth has been driven by our people, and the CSOP ensures every member of the team can share in that continued success. Share options are granted annually to employees who have passed probation, with allocations awarded over a three-year period based on length of service.

CRITICAL ILLNESS

Financial reassurance when life takes an unexpected turn

Our voluntary Critical Illness cover provides a lump-sum payment if you're diagnosed with an insured condition, giving you added financial reassurance when you need it most. You can choose to take out cover for yourself and, if you wish, extend the same protection to your partner, offering flexibility to support the people who matter to you.

Cover is available to choose in units of £25,000, up to £250,000.

WILL WRITING

Putting your wishes in place

Having a professionally written will can give you and your loved ones valuable peace of mind. Through our partnership with Red Apple Law, you can access will-writing services at a 25% discounted rate, with the flexibility to complete your appointment online, by phone or via video with a specialist will writer.

PERFORMING AT YOUR BEST

HEALTH, WELL - BEING AND EVERYDAY SUPPORT

Helping you feel and stay at your best, in and outside of work

Prioritising your wellbeing isn't just good for work; it's essential for living a healthy, fulfilling life.

PRIVATE MEDICAL INSURANCE (PMI)

Access to healthcare for you and your family

Our Private Medical Insurance (PMI) scheme with Bupa gives you and your family quick access to high-quality healthcare when you need it. There's no medical underwriting required, and Aventum covers the full cost of family cover, giving you peace of mind that your dependants are protected too.

You'll also have access to Bupa's virtual GP service, where you can book appointments, discuss any health concerns and receive prescriptions or referrals for further treatment if needed. It's a simple, convenient way to get the care you need without delay.

"Having Bupa has been fantastic. It's given me access to treatments I'd otherwise wait months, sometimes years, for. I'm really grateful Aventum includes this benefit."
