Hi Kaustubh,

Thank you for applying for the AI Full Stack Engineer role at Better Society Capital. We were impressed with your background and would like to invite you to a 30-minute, online, first-round interview with me (Head of AI).

We'll spend some of the time going into your CV in more depth, followed by a short problem-solving discussion: we'll share a live problem statement and think through together how we might approach it as an AI team. There's nothing to prepare in advance.

Please book a slot that suits you here. We're aiming to complete these by Friday 30 October. If you need any adjustments to take part, please let me know, and do get in touch with any questions.

Best,

Nick.

Nicholas Andreou
Head of AI
